President's Report

Hi all!

It's that time again!!!
Can't believe it's been a month since the last Newsletter.

Not much activity these past few weeks .
Thanks to those who cruised to Kingscliff ...
Great Venue, Big Breakfast, Good Company!

Sadly, no one fronted for barefoot bowls, but maybe next time?

Last event for the year is looming...

The Annual SCARAB Xmas party will happen on Saturday, 12 December.

Details elsewhere in this Newsletter.

Enough from me now,

*Your Committee, Anita & I wish all Members and Friends
a Happy Christmas and prosperous New Year!!!.*

Thanks for your support and enthusiasm this year.

Pete

Peter Tully.
President.

Surfers GP Race Meet

Peter & Mike attended the GP on Saturday and were both very impressed with the Legends Exhibition Race. Some of the greats of Australian Motor Racing History were on the track including Jim Richards in the JPS BMW Coupe, Dick Johnson in the famous "Rock" True Blue Falcon. Also, on display were Alan Moffat's Transam Mustang, Geoghan's super Falcon, Brocks A9X Tarana, Johnson's green Tuff Falcon and Bow & Glen Seaton's Ford Carpi.

During the event both Peter and Mike were treated to a lap of the circuit. Peter's ride was a 1947 Ford Mercury equipped with air bags and fire belching exhausts/ Mike's ride was a Amate's 1932 Ford Deuce. The lap was sensational with the view of the spectators at track

Mike and Glen Seaton

level amazing.

Needless to say we enjoyed the day with or without AI GP or Indy Cars and hope that next year will be more

of the V8 and the greats.

Kingscliff Breakfast Run

Scarab Breaky Run
22nd November

7 for 7.30 is that what email read? Think so said Claire, 7.15 and no one in the car park at the Burleigh Tavern, apologies to Rod in the nice black refrigeration ute, he was the only one there on time but I had not recognized him in the ute. Claire & I ventured for a tour of the adjacent industrial sheds and returned at 7.25, still no one, we must have got the wrong time lets go.

Leaving the car park the two blue HR Holdens arrive and join us as well as the Fridgy ute on our run to Kingscliff bowls club thoroughly expecting to arrive there and see all the Scarab cars lined up and the members all eating a fine Breaky, but no, on arrival not a car in site, so we line the four cars up and head inside to sign in and have a bite,

but the manager wouldn't have a bar of it, he had a special area roped off and was not going to be happy until we moved the cars into the allocated area, while we happily obliged the FC

Holden and the Orange Hot Rod arrived to join us.

Back inside to start Breaky, very good selection and heaps to eat, everyone getting into the swing of things and the manager arrives at the table, does anyone know a Peter Tully he is on the phone looking for a lost Scarab club, Rod helps him out mentioning something about reading his own emails (I think).

The late arrivals drift in Peter with the Charger shining, then Robyn (Mustang Sally) and Wayne arrive in Robyn's new late model Yellow Mustang convertible and Gary & Jane in the Saab who insist Mass was running late.

All tucked into a fine feed, good company and finished the morning of with usual photo shoot, while yours truly was being advised of the correct way to park a Corvette BETWEEN the white lines in the car park from one of the local ladies.

Most of us then followed Peter down the Coast road through Cabarita to Pottsville and home via the M1 to Gold Coast.

A lovely morning thanks to those who put it together

Ross Hardwick

Club members ride profile

Before joining the SCARAB club, Kerri and I started to get interested in the classic cars as most of us seem to do. After hiring a Mustang convertible in Vegas and driving to Route 66 we then decided to look around to find a classic.

Over my driving history, some of my cars, first being a Mk 1 Zephyr and then progressing to all sorts of cars including MG B, 2 x Datsun Fairlady's (at the same time) Datsun 240Z, Fiat

2300, lots of Holden's, a couple of Ford's, Vans and Motor bikes.

Kerri and I were interested in Corvette's. After driving and perusing several Corvette's, we found them not up to standard as we would have liked them to be, so we decided to go for a younger car so we would not have to do too much unnecessary work.

Looking around on the net became very confusing, but then some of my old convertible fancies started to kick back in. I narrowed the cars down to a Nissan Z and the Astra convertible and then came the colour schemes.

We picked a car to have a test drive, looked it over, drove it and found it very comfortable plus it looked smart. The private seller was willing to take a back trade so after quite a bit of negotiation we settled on a price, which I found very appealing.

So here we have it, the Holden Astra Convertible. We changed the wheels to the chrome mags and now we are loving and enjoying every moment as we can drive our Astra convertible any time.
